

Lo que puede hacer el sol (What the Sun Can Do) (Spanish Version) (Nonfiction Readers) (Spanish Edition)

What causes snow to melt? What is a vital part of all living things growth and development? The sun, of course! Through engaging photographs, beginning readers will be able to create a story of their own about what the sun does in this wordless book. Aligned to the Next Generation Science Standards, this book covers sunlight on Earth and its effects on living things. Each engaging photograph will encourage students to collaborate with each other while creating exciting ideas about what the sun does.
