

Light and Shade: Conversations with Jimmy Page

Jimmy Page was the leader, mastermind, guitarist and producer of Led Zeppelin, described by Rolling Stone magazine as the biggest band of the seventies and unquestionably one of the most enduring bands in rock history. While there is no shortage of written material out there on Led Zeppelins legacy, none of the band members have ever written a tell-all book or co-operated with the press or a biographer. For the most part, their exploits are merely the stuff of legend. On the rare occasions that Page has opened his doors to journalists, he has done so with caution. Over the last twenty years, Brad Tolinski, editor-in-chief of Guitar World magazine, has interviewed Page more than any other journalist in the world and by asking incisive questions, hes been able to gain the trust of this greatly misunderstood artist. Sifting through over fifty hours of conversations that touch on everything from the 1960s music scene and his early years as Englands top session guitarist working with artists like The Who, The Kinks, and Eric Clapton, to his wild years in Led Zeppelin, and post-Zep projects, Light & Shade will provide readers with the most complete picture of the media-shy guitarist ever published.
